Dear Pharmacies:

June 23, 2021

## **COVID-19 VACCINE RETROACTIVE PRICING**

As of May 6, 2021, NCPDP D.0 compliant claims for COVID-19 vaccines have been reimbursed at a rate of \$40.00 for the immunization claim for each vaccine series in eligible clients age 16 years of age and older, and the authorized expansion of adolescents 12 through 15 years of age with the Pfizer Inc. COVID-19 vaccine. This new rate is applicable to all accurately submitted claims from April 1, 2021 to the present.

On June 23, 2021, Wyoming Medicaid will retroactively re-price any claims submitted between April 1, 2021 and May 6, 2021 that were reimbursed at the previous amount to the \$40 rate. This requires no action on the pharmacy's part, and this change will be reflected in remittance advice.

For any questions or concerns, please call the Change Healthcare Pharmacy Help Desk at 877-209-1264 with any questions.
