

February 13, 2009

Dear Wyoming EqualityCare Trading Partner,

The Office of Pharmacy Services for Wyoming EqualityCare recently announced a change to Goold Health Systems (GHS) as the new Pharmacy Benefit Management (PBM) vendor effective April 1, 2009.

Due to this change in vendor, all trading partners will need to sign the enclosed Trading Partner Agreement (TPA). Any location that receives HIPAA information will have to sign the TPA and confirm your Remit Advice methods and address.

Enclosed is the TPA for you to sign and the list of pharmacies on record as covered under your current agreement. Please confirm that our information is correct by checking the boxes. If the information is incorrect or incomplete, please update the information on the document. Also, please confirm the remittance location for payments and Remittance Advices. **The TPA, confirmed list and RA location needs to be signed and returned in the pre-addressed envelope. Please return by February 27, 2009 to avoid interruption of EqualityCare payment.**

As a reminder, due to the State Auditor's financial payment cycle and the switch over to the new vendor, there may be a day or two delay as the cycles get reset. We apologize for any inconvenience this might cause.

We thank you in advance for your prompt response to this notice. If you have any questions regarding this letter, please contact Laurie Roscoe R.Ph. at [lroscoe@ghsinc.com](mailto:lroscoe@ghsinc.com) or 800-832-9672 x1112.

Sincerely,

A handwritten signature in black ink that reads "Laurie Roscoe R.Ph." in a cursive style.

Laurie Roscoe, R.Ph.  
Director of Pharmacy Services  
Goold Health Services
