

Medicaid Pharmacy News

Dear Providers:

May 25, 2017

NADAC PRICING INFORMATION

The new reimbursement logic for pharmacies went live on April 1, 2017, and now includes NADAC as one of the pricing sources. Since the NADAC pricing was implemented, several SMAC disputes have been received by the Wyoming Medicaid SMAC Help Desk, which actually paid off of the NADAC price. **Prior to submitting SMAC disputes, please ensure that the claim was reimbursed at the SMAC price.** For those pharmacies that need further assistance with NADAC pricing, listed below is where pharmacies can access current NADAC prices, as well as the NADAC Helpdesk information.

Link to access current NADAC prices:

<https://www.medicaid.gov/medicaid/prescription-drugs/pharmacy-pricing/index.html>

NADAC Help Desk Information:

<https://www.medicaid.gov/medicaid/prescription-drugs/retail-price-survey/index.html>

Please contact the NADAC Help Desk for support of the NADAC survey, or to provide notification of recent drug price changes that are not reflected in posted NADAC files. The NADAC Help Desk can be contacted through the following means:

Toll-free phone: (855) 457-5264

Electronic mail: info@mslcrps.com

Facsimile: (844) 860-0236

[Help Desk Form](#)

Please note that the Help Desk will not address pharmacy inquiries into specific state claim reimbursement related questions or concerns.

UPDATES TO PREFERRED DRUG LIST AND OTHER MISCELLANEOUS CHANGES

- **Epi-pen** will be non-preferred, and the **generic epinephrine auto-injector** will be the preferred product.
- **Cinqair** and **Nucala** must be administered by a healthcare professional; therefore, claims will not be covered through the pharmacy Point-of-Sale system, and should be billed to the medical side.
- **Emflaza** will require a diagnosis of Duchenne's Muscular Dystrophy prior to approval.
- **Eucrisa** will be a step 3 non-preferred agent, requiring a 21-day trial and failure of a medium- and high-potency corticosteroid AND a 21-day trial and failure of Elidel or tacrolimus prior to approval.
- **Synjardy XR** and **Xultophy** will be non-preferred agents.

CERTIFIED IMMUNIZERS MUST ENROLL WITH MEDICAID

The Affordable Care Act (ACA) requires that all providers who order, refer or prescribe (ORP) enroll with Wyoming Medicaid to meet the new ACA program integrity requirements. These requirements are designed to ensure that all orders, referrals, or prescriptions for items or services for Medicaid clients originate from appropriately licensed practitioners who have not been excluded from Medicare or Medicaid. (42 CFR 455.410(b))

If your pharmacy employs pharmacists who are certified immunizers, those individuals must enroll with Wyoming Medicaid since they are considered the “prescribing provider” on immunization claims. Pharmacists must complete enrollment with Wyoming Medicaid no later than September 30, 2016.

To enroll with Wyoming Medicaid:

- Access the Wyoming Medicaid enrollment website at: <http://wymedicaid.acs-inc.com/wy/general/providerEnrollmentHome.do>
- Enter your email address and click “Create”.
- Take note of your reference number as you will need to refer to that number if it is necessary to make corrections to your enrollment or when contacting Provider Relations regarding your enrollment.
- Answer “no” to the first question if this is the first time the pharmacist has enrolled as an individual with Wyoming Medicaid.
- Enter the enrolling pharmacist’s NPI number.
- Once the application has been completed, print the supplemental documents, sign (in blue ink) and submit per the instructions.
- The Provider Relations Call Center for this enrollment process is available M-F, 9 a.m. to 5 p.m. MST.
 - 1-800-251-1268, press 2, 1, and 2 to speak to an agent, OR
 - Contact Provider Relations during business hours and request a walk-through of the web enrollment process. Walk-throughs are scheduled M-F between 8 a.m. and 9 a.m. MST.

Important notes:

- The process of enrolling pharmacists is being handled by Conduent (formerly Xerox) whose Provider Relations Call Center contact information can be found above.
- Wyoming Medicaid will continue to reimburse pharmacies for immunization claims as before. Pharmacist enrollment will not change pharmacy reimbursement logic.
- Enrolling pharmacists will be asked to submit an active pharmacist license in order to enroll.
- ***Enrollment is necessary in order to avoid denial of immunization claims in the future. If the “prescribing provider” on the claim is not enrolled with Wyoming Medicaid, the claim will deny for payment.***
