PHARMACY PORTAL MULTI-FACTOR AUTHENTICATION UPDATES

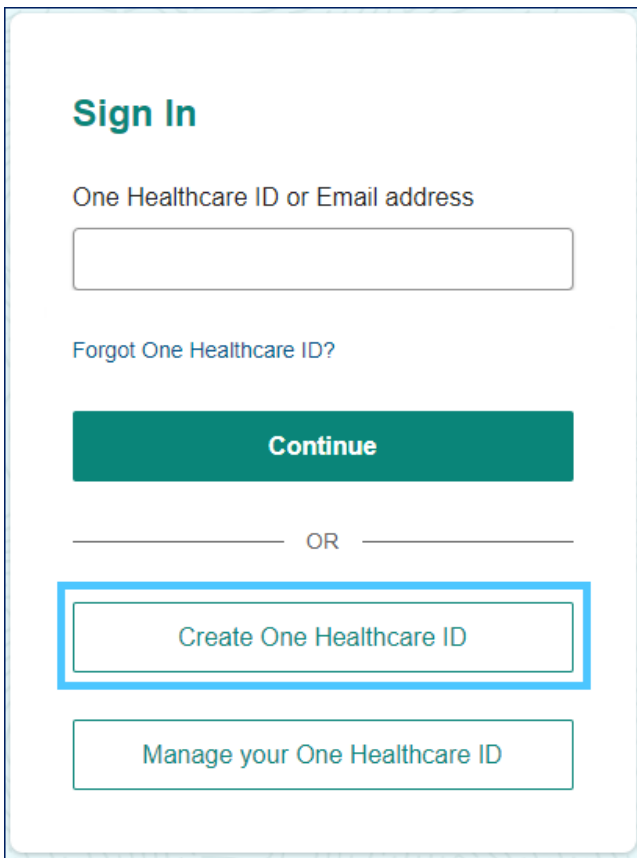

Effective August 14, 2023, the Pharmacy Portal that is hosted by Change Healthcare/OptumRX will be updated to require multi-factor authentication (MFA) to access the service. To access the portal, an account will need to be created with One Healthcare ID which will be displayed on the home page. After clicking "Login" click on One Healthcare ID to create a One Healthcare ID. Complete the required fields (below) and verify the ID via email to be granted access into the Pharmacy Portal application. See next page for screenshots for detailed information.

For any questions, please call the Change Healthcare Pharmacy Help Desk at 877-209-1264.
